

**TAPI "HOT SHOT SPECIAL ACHIEVEMENT AWARD" RECEIVED BY
CANYONLANDS COMMUNITY HEALTH CARE IMMUNIZATIONS COORDINATOR**

Celeste Tetzner RN, Immunizations Coordinator at Canyonlands Community Health Care, won the "Hot Shot--Special Achievement" Award given by TAPI, The Arizona Partnership for Immunization. This award honors public and private sector individuals and organizations who have given tremendous amount of time and effort to increase immunizations, and gone above and beyond the call of duty. The mission of TAPI could not be accomplished without the efforts of diverse individuals like Celeste Tetzner whose tireless work and innovative strategies have improved immunization coverage levels in the state.

On April 27, 2005, Celeste was presented the Award at the yearly TAPI Banquet and Silent Auction in Phoenix called Arizona Big Shots Awards, which was attended by more than 300 people.

Celeste was nominated by Canyonlands Community Health Center (also known as Lake Powell Medical Center in Page) for this special award in sincere appreciation for the work she has done throughout the organization. She continually strives to help reach the goal to have every child immunized by age two. Every year since Celeste has been the Immunization Coordinator, CCHC has come very close to that goal. She starts over again each year by personally addressing reminder/recall postcards.

Celeste travels to all the other CCHC clinics located in Chilchinbeto, Kaibeto, Fredonia and Littlefield to provide training on the process and recording of immunizations. She also provides monthly updates at CCHC staff meetings and works very closely with counterparts on the Navajo Nation.

Canyonlands Community Health Care is very proud of Celeste's efforts in helping us do our job better every day and helping our patients be healthier.
